EXPERIENCE

Banyan Labs LLC

08/18/2025-Current

Full Stack Developer

Remote

Collaborated closely with cross-functional team members-including designers, developers, and project managers to deliver responsive, user-focused solutions on a schedule. Built and integrated RESTful APIs to connect front-end interfaces with

backend services, ensuring seamless data flow and application performance. Participated in agile development processes, including sprint planning, code reviews, and version control using Git.

Persevere Now

12/21/2024-08/19/2025

Full Stack Developer

Goodyear, AZ

Collaboration with a team of web developers to create a Donor Database for Persevere's non-profit organization to keep track of their donors, volunteers, prospects for new donors, and calculate the amount of donations received. Created charts using Recharts to show how much is being donated each year and who the donations are coming from.
